

RISHABH SINGH

Edmonton, AB • (825) 343-5120 • rrsingh@ualberta.ca

HIGHLIGHTS OF SKILLS

- Over 1 year of experience in applied research, qualitative and quantitative analysis of housing data to assess housing affordability in Alberta.
- Developed 6+ OLS and fixed-effects regression models in Stata on Alberta housing transactions, identifying key drivers of list price, sold prices, and the gap between them.
- Assessed data quality across multiple data sources (CMHC, Statistics Canada, and municipal datasets) by eliminating duplicates, outliers, and correcting data types using Python and Excel.
- Built economic data visuals using R and Power BI, translating variables such as housing, trade, and inflation into clear insights for both technical and non-technical audiences.
- Delivered a 15-minute professional presentation on Canadian and global economic conditions, collaborating with a team to produce detailed policy recommendations to the Bank of Canada.

EDUCATION

Bachelor of Arts, Economics

Sept. 2021 – Jun. 2026

University of Alberta, Edmonton AB

EXPERIENCE

Research Assistant

May. 2025 – Present

University of Alberta, Edmonton AB

- Independently constructed a database of housing and economic metrics from CMHC and Statistics Canada to compare affordability trends across provinces and major cities.
- Collaborated with the Realtors Association of Edmonton and the Alberta Real Estate Foundation to obtain data and develop research questions, statistical models, and presentations.
- Calculated the impact of macroeconomic indicators, including interest rates, WTI price, and natural gas price, on housing prices to provide evidence of Alberta's oil-dependent market.
- Prepared grey papers and analytical comments on regression tables and panel graphs, documenting methodology to ensure findings were reproducible.
- Created heatmaps in Power BI and R using neighborhood-level data sourced from the City of Edmonton and Calgary open data portals to identify characteristics driving house prices.

Bank of Canada Governor's Challenge

Nov. 2025

University of Alberta, Edmonton AB

- Led the international trade and economies section, assessing global economic conditions and the impact of U.S. tariffs on the Canadian economy using macroeconomic theory and forecasting.
- Delivered a 15-minute professional presentation on Canadian and global economic conditions, collaborating with a team to produce a detailed analysis for Bank of Canada judges.
- Web-scraped economic indicators directly from open sources such as the BoC, Statistics Canada, and FRED to identify trends and create policy recommendations.

Academic Tutor (Casual)

Sept. 2025 – Apr. 2026

Economics Students Association

- Hosted practice midterm review sessions for introductory macroeconomics and microeconomics, delivering targeted lessons to over 40 students and resolving any conceptual doubts.
- Liaised with professors to identify key exam topics and common areas of student weakness, pinpointing concepts that require additional reinforcement.
- Led R workshops, troubleshooting student issues and introducing simple exercises to build student familiarity with R and address technical queries.

TECHNICAL TOOLS

- Python, Excel, Stata, Power BI, R, SQL

LEADERSHIP AND VOLUNTEER**Resident Assistant**

Sept. 2022 – Apr. 2023

University of Alberta Residence, Edmonton AB

- Upheld residence policies and resolved conflicts among 35 residents, maintaining a safe, respectful, and inclusive living environment, applying strong oral communication.
- Organized 6 community-building events that fostered engagement and connection among residents, strengthening community bonding on the floor.
- Conducted regular check-ins and provided academic and university guidance to residents, mentoring students through personal and academic challenges.

President

Sept. 2020 – Jul. 2021

LEO Club of Nakuru, Kenya

- Led a youth club that organized various charitable events, created social change, and imparted leadership and organizational experience to members.
- Planned and executed tree planting activities, clean-up events, donation drives, and road-marking events, collaborating with other non-profits and government organizations.
- Raised funds and built a foster home for abandoned children with special needs, currently hosting 20+ children and providing them with opportunities and necessary care.
- Hosted various fundraising events to establish eye and blood camps in rural Kenya, making essential medical facilities available to people unable to afford them.
